BMW M PERFORMANCE PARTS

BMW M Performance Parts is the name given to an exclusive accessories programme that allows you to make your BMW even more sporty. Retrofit components for the drivetrain, suspension, aerodynamics and cockpit – specifically designed for your vehicle – enable you to personalize the dynamic character of your BMW. Your BMW dealer will be happy to advise you on these and other BMW M Performance Parts for many BMW and BMW M models.

1 Kidney grille in Black high-gloss

The decorative grilles in black high-gloss give the car an even more determined and more athletic front view.

2 Rear spoiler, carbon

Even more dynamic elegance, even more sporty look: The rear spoiler underlines the car's individual appearance and ensures optimised aerodynamics. It is meticulously hand-crafted in 100% carbon fibre.

3 Front attachment, carbon (5 Series)

The front attachment in 100% carbon ensures optimum aerodynamic values and accentuates the vehicle's masculine appearance.

4 Rear diffuser, carbon (5 Series)

The carbon fibre rear diffuser creates an even more dynamic appearance – and makes the car's muscular look even more impressive.

4 Mud flaps

The mud flaps protect both your own vehicle and those following from dirt and stone chips. Optimally adapted to the vehicle design, they accentuate the striking BMW look and impressively underscore the off-road character.

5 Aluminium running boards

In brushed, anodised aluminium and finished in Cerium Grey, the aluminium running boards add a particularly striking note while also enabling comfortable access.

MAKE YOURSELF AT HOME ON THE ROAD.

When travelling itself puts you in high spirits, you'll always arrive relaxed. Sheer Driving Pleasure is a given in your BMW but you can always raise the game by being prepared with all the important practicalities for your journey. That way, you will always be ready for whatever you may encounter. Which is where Original BMW Accessories come in – easy to use and highly functional, they offer a wealth of solutions for your everyday challenges and make your driving experience even more enjoyable.

TRAVEL & COMFORT SYSTEM

The Travel & Comfort System unites a variety of different holders and attachment solutions in one system, achieving an even higher degree of travel comfort inside the vehicle. The foundation of the system is the basic carrier, which is securely mounted between the headrest pillars. The following system attachments can be quickly and easily attached to it via a plug-in coupling. Available exclusively for the new BMW X5: the "Travel & Comfort" option, to which various attachments can be quickly and easily attached to the back of the seat backrest and smartphones or tablets can be charged using the integrated USB charger.

1 Universal hook

The universal hook for transporting clothing or lightweight bags can be attached to the basic carrier (1.1). Available for the X5: the "Travel & Comfort" (1.2) option, with which the universal hook can be attached to the back of the seat backrest in seconds thanks to its practical snap-in function.

2 Universal holder for tablets

The practical Universal holder is adjustable and attaches to the separately available Travel & Comfort system. It provides secure hold for various Apple or Samsung tablets with the Travel & Comfort tablet safety case from seven to 12 inches and can be placed in the desired position thanks to its 360° rotating frame with angle adjustment.

3 Folding table

With an attractive BMW design, adjustable for height and angle and featuring an additional integrated cupholder.

4 Clothes hanger

This allows you to hang items of clothing on the rear side of the backrest. It can also be used outside of the car.

4

1 Travel rug

Whether it's to keep you warm or simply something to snuggle up to, this travel rug in beige/dark brown offers all the versatility you need. It also elegantly underscores the comfortable atmosphere in the vehicle. Made in 100% high-quality, extra-fine Merino wool and with a jacquard weave.

2 Baby Seat 0+

This ergonomic seat provides optimum safety for babies up to around 13 kg (approx. 15 months). Patented air pads guarantee exceptional protection against impact to the head area. The seat is attached either to the separately available ISOFIX base or using a three-point seat belt.

3 Junior Seat 1

The BMW Junior Seat 1 is the safe choice for children aged approx. 12 months to four years (approx. 9–18 kg) when teamed with the ISOFIX base, available separately. The seat offers the highest possible level of safety in the event of an accident, particularly when facing backwards. Patented air pads provide exceptional protection against impact to the head area.

4 Junior Seat 2/3

Adjustable seat for children aged approx. 3 to 12 years (approx. 15–36 kg). With patented air pads for increased protection against impact to the head and ISOFIX connectors. The patented height and width adjustment can be operated with one hand and the seat can be folded away into the accompanying rucksack for easy transportation.

1 All-weather floor mats (X5)

The precisely fitting, hard-wearing and elegantly designed mats protect the footwells in the front (1.1) and rear (1.2) from damp and dirt. Finished in black and with high-quality stainless steel inserts.

2 All-weather floor mats (5 Series)

Precisely fitting protection against damp, dirt and waterlogging in the front and rear footwells. In black and with stainless steel inlays, the mats are a perfect match with the interior.

3 Floor liners (5 Series)

The precisely fitting, hard-wearing floor liners with their wide, raised edging and special water grooves protect the front and rear footwells from damp and dirt. In black and featuring stainless steel inlays in the shape of the number 5.

4 LED door projectors

When the doors are opened, an individually selected graphic is projected on the ground adjacent to the vehicle, for perfect illumination of the entry area.

5 Key case

The key case in high-quality leather is firmly attached to the key by means of a stylish stainless steel clasp. It protects against scratches, dirt and moisture and prevents buttons from accidentally being pressed. Available in various colours.

6 Auxiliary heater

The high-performance auxiliary heater for petrol and diesel engines ensures a comfortable interior temperature before the drive even begins, and without icy or fogged windows. It can be activated via the Head Unit, iDrive(using the built-in monitor) or optionally by a separately available remote control.

PERFECTLY NETWORKED: EXPECTATION MET.

When you've got good contacts, it makes sense to keep in touch. Which is where our accessories for digital communications and information come in. These tailor-made, optimally designed solutions allow you to stay connected with who and what matters most when you're the move in your BMW. Our offer ranges from visual vehicle monitoring to the LED torch.

1 Advanced Car Eye 2.0¹

The BMW Advanced Car Eye 2.0 is a highly sensitive full-HD camera that captures events around the car, even at night. In the event of disturbances and extraordinary movement outside the vehicle, the camera automatically records the situation in order to document possible accidents or (attempted) break-ins.

2 On-ear wireless headphones

The digital on-ear wireless headphones offer an exclusive way to enhance the enjoyment of music or movies. Specially adapted to the new BMW rear entertainment systems, their outstanding, interference-free sound quality and full base guarantee immersive enjoyment.

1 Wireless charging case

The wireless charging cover enables inductive charging of the Apple iPhone™ 5/5s up to 7/7 Plus. The innovative mobile phone case is compatible with all Qi-certified charging devices and also protects the phone.

2 Dual USB charging device

The BMW USB charging adapter is simply inserted into the cigarette lighter. This allows various external devices to be quickly and conveniently charged, such as a smartphone or tablet.

3 Electric cooler bag

The attractive electric cooler bag in Black and Anthracite has a 13-litre capacity. When plugged into the 12 V socket, the integrated cooling unit reduces the temperature inside the bag actively.

4 LED torch

The BMW LED torch features an elegant stainless steel design, very low energy consumption, a lifespan of up to 3,000 charging cycles and an extremely large lighting range. The powerful battery can be recharged by simply plugging the torch into a 12-volt on-board socket.

SOLID SENSE: BIG PLANS NEED THE BEST LOGISTICS.

Whatever your plans may be, BMW is likely to have the perfect logistical solution. Whether you’ve got a great deal of kit or just a small piece of luggage, carrying it should be secure, comfortable and, not least, as elegant as possible. Which is why all of our transportation products are tailored precisely to the dimensions of your BMW – from the 520-litre capacity roof box to clever ways to keep those small items in order.

ROOF TRANSPORT

The basis for all BMW roof rack mounts are the roof rack and roof cross bars (1), which are matched to each model. They harmonise perfectly with all BMW roof rack mounts and roof boxes and are particularly easy to fit. With their stable construction and the anti-theft locking systems, they meet the highest quality and security requirements.

2 Roof box 320

Can be opened from both sides with triple central locking. In Black with side panel in Titanium Silver 320-litre capacity; fits all BMW roof rack systems (similar illustration).

3 Roof box 420

420-litre capacity lockable roof box with double-sided opening system. In Black with side panel in Titanium Silver, suitable for all BMW roof rack systems..

4 Roof box 520

Black lockable roof box, accessible from both sides with side panel in Titanium Silver. 520-litre capacity; fits all BMW roof rack systems. Awarded as „Red Dot Award 2016 Winner“.

More information on installation and production of the BMW roof rack system can be found in the film in the BMW Catalogue app.

1 Ski and snowboard holder extendable at the side
The lockable ski and snowboard carrier that can be extended on the sides provides secure hold for up to five pairs of skis or four snowboards and makes it easier to load higher vehicles. It can be combined with all BMW roof rack systems and can also transport ski poles and meets the highest quality and safety standards.

2 Surfboard holder
The holder's innovative fastening concept makes it easy to handle and to securely attach a surfboard and mast to any of the BMW roof rack systems.

3 Rear bicycle rack, Pro 2.0
The Pro 2.0 rear bicycle rack is lightweight yet sturdy and can carry up to 60 kg. Exceptionally easy to use, it carries two bicycles or e-bikes (can be extended to accommodate three bicycles). Its tilt function also allows easy access to the luggage compartment at all times.

4 Touring bicycle holder
Extremely stable lockable touring bicycle holder for securely transporting a racing, touring or children's bicycle or mountain bike up to 22.5 kg.

5 Racing bicycle holder
The racing cycle holder is suitable for all BMW roof rack systems. It allows for the secure transport of up to four racing bikes. To attach the bikes, the quick-release front wheels have to be removed. The separately available front-wheel holder makes it possible to fasten these wheels to the BMW roof rack system.

1 Fitted luggage compartment mat

The durable, anti-slip and water-resistant mat protects the luggage compartment from dirt and moisture. For the BMW 5 Series, it features the number 5 as a stainless steel inlay (1.1), while the BMW X5 and BMW X6 versions have stainless steel inlays with BMW lettering (1.2).

2 Loading sill mat

The durable mat protects the loading sill during loading and unloading and the luggage compartment from scratches and dirt. It is attached using moveable Velcro strips on the rear fastening points in the luggage compartment and can also be laid out as an anti-slip mat in the luggage compartment.

2 Folding box

The folding box, with its load capacity of up to 20 kg, can be used to store smaller items or as a shopping crate. It can be effortlessly folded and unfolded thanks to Velcro strips, is slip-resistant and easily stored to save space when not in use. Available in black or black/red.

3 Luggage compartment floor net

With the luggage compartment floor net, loose cargo and smaller objects can be quickly and safely secured against slipping in the luggage compartment. The black netting with integrated S-hooks is simply attached to the luggage compartment's built-in fastening points, making it always ready for use in the vehicle.

4 Loading sill protective film (5 Series)

Loading sill protection is provided by a special transparent film. Precisely tailored to the vehicle, it effectively reduces damage to the painted rear bumper that can be caused while loading and unloading items such as heavy or bulky luggage.

NO QUESTION: GREAT CARE KEEPS YOUR BMW ON FORM.

Original Care Products from BMW ensure that high-quality BMW paint finishes can withstand everyday adverse influences and fine surfaces such as leather and wood retain their natural appeal. This comprehensive premium care range is specially adapted to the different materials of your vehicle – for gentle, effective cleaning and protection.

BMW Natural Air ensures a fresh interior atmosphere – with essential oils. The holder is quick and easy to attach and colour-matched to the interior. The fragrance sticks are fluid-free and interchangeable and there is a choice of six aromas – for example, Sparkling Raindrops and Energizing Tonic – each manually adjustable for intensity.

WITHOUT A DOUBT: THE BEST SERVICE IS A QUESTION OF COMPETENCE.

The specialists at your authorised BMW Service Partner offer true peace of mind when it comes to servicing and repair. Not only are they highly qualified, but they also work with state-of-the-art diagnostic equipment and repair technologies. This means that your vehicle emerges from its service technically and visually as new. Thanks to BMW Service Inclusive, you only need to think about it once. After that, all included service and maintenance is covered by a one-time payment. That means carefree driving pleasure for you.
